## X-TREME FASTDRAW ASSOCIATION

### FASTDRAW AT FULL THROTTLE

#### The Heart of the Game

With all of the great people in our organization it is always nice to give praise to people who have The Heart of the Game. Johnny & Lady Law have shown that spirit for a few years. They are competitive, caring, encouraging, & bring joy to the family and friends around them. I asked a few people their thoughts...Dana(Blackfox Lil) said "I have had the pleasure of witnessing Lady Law's growth in this sport, and the sheer excitement that radiates from her face every time she achieves a faster time is truly priceless. Johnny Law, on the other hand, exemplifies how focus and determination can lead to the accomplishment of one's goals. I had the privilege of being his hand judge when he successfully hit and secured his 2 pin, and I had no doubt in my mind that he would achieve it in that round. Together, they form an incredible couple with two exceptional children. I genuinely adore and admire them."

#### Arkansas State on point

After last year's Arkansas State Championship we all wondered how would they be able to top that event next year? Well it did not disappoint. So many great moments you don't even know where to start. So many first time XFDA shooters we all had to learn some new names. How about the evening concert by Drive South with a fried chicken dinner and dancing with a few shenanigans. What about the return of our dear friend

RUCKUS! Many people accomplished new fastest times which is becoming a trend at every event. ALMOST had a new world record & women's world record set by Honey Badger (that is going to happen for her someday soon). Each year gets better and better. You will want to put this one on your calendar next year for sure. Who knows maybe next year they will have wing walkers on the fly by's. Ok. Maybe not, but I keep mentioning it in hopes.

## THE GATOR BAIT GUN FIGHT

The young ones put a whooping on the old timers down in Florida at The Open Range Regulators 20 point shoot. Fastdraw down in the swamp was a blast. Speedy James & Pearl Heart took home First place buckles for the men's & women's . This is another venue you will not be disappointed in. There was great food, friends, & competition throughout the weekend. As this season continues be prepared to put Florida on your calendar when the dates are set for a Florida State match.

## That Bad Santa Showed up Kansas Peace Makers

## Can You Guess who The Bad Santa was?

**Here's a clue 2X!**

continued from page 1  
"Johnny is honest and giving. He is never out for himself. He is determined to be the fastest in the sport and is very competitive, but very humble about it. He and Lady Law are great parents, and you can tell that by the way their kids act. He's a good friend."  
Norman Morrison aka Mongoose

"Well I do know Johnny is a law man to his core. I ask him one time if he pulled me over for speeding if I would get a ticket or just a warning. He told me well were you speeding? Then you get a ticket. In the three years I have known him he has been a real friend nothing fake. He will always tell you like it is even if it is not what you want to hear. Oh and Lady Law she is the most kind Christian woman you will meet. I have never heard a negative word from her. I think they are good for each other, balancing each other out. They both are the meaning of true friends."  
Doyle Miller aka Ruckus

We are honored to have such a great family to be a part of our organization. Keep being a great example in our sport & your community. Thank you Law Family

## OKLAHOMA STATE

The first major event of the 2024 season kicked off in Oklahoma. Bringing out some of the best shooters from across the country, setting the tone for what could be one of the biggest years in the XFDA. In the event many people set new personal best times which has become normal around here. We managed to surprise a fellow shooter with a big 50 birthday party. Teams kicked off it's second year after a great first year. It brought in new shooters to try teams out. The expectation of this year is high & looking promising.

## Why The XFDA?

The question has been asked all over social media. What is it about the XFDA? There have been many responses to this question, although it has been answered. I'll give it a shot. Flat out, we are just different. Remember when competitions were competitive but fun? Remember when you used to get encouraged to be the best outside & inside of a competition? Heck, do you remember the joys of meeting up with friends just to have a good time & you all enjoyed each other's company? What about getting your money's worth? Do you like to be challenged? Do you want to see others succeed next to you? Well then, I'd say XFDA is the place to be. I'm sure I'll see you on the line soon & don't forget to bring your best.

## RIBBON CUTTING AT THE GUNBELT

What seemed to be one of the most anticipated events of the season, turned out to be one of the biggest 20 point shoots we've had. The venue & host were beyond exceptional. On top of that, so many Competitors hit new best times, can't count how many bullseyes, did I mention the goals that were met? If this is what this year in XFDA is going to be like, you better get ready for some excitement. XFDA is growing, here's to fun!

**SPINDLETOP**  
Beaumont, TX  
1901

## South East Texas SpeedBumps Taking over FastDraw in SE Texas

If you look at some of the competitors that run with the South East Texas SpeedBumps you will see some familiar faces & names. They have been spending the last year or so competing across the country, planning & making moves. The group is less than a year old but has many years of experience in competing. In a very short time this club has jumped right in with a mission in mind. Grow, win, & help the XFDA to be a Top notch organization. The group has made their presence known at all of the events this year. If you haven't paid any attention maybe you should. I'm sure they will be visiting your events soon. Speaking of events with Texas having a big presence in the world of FastDraw, we have added a South Texas State event to the calendar this year. Guess who's hosting it? That's right! South East Texas SpeedBumps! The crew has been working hard to prepare for the event that will be held at Spindletop in Beaumont, Tx. The Spindletop oilfield, was discovered on a salt dome formation south of Beaumont in eastern Jefferson County on January 10, 1901, which marked the birth of the modern petroleum industry. A lot of history to be seen at this event with all kinds of fun and activities planned. This will be an event to be a part of.

Just a reminder you can head over to [XFDAPro.com](http://XFDAPro.com) & register for the events, it's free & helps event planners in preparation for your arrival.

So really what else is there to say about this group.....not much as their actions have spoken for themselves. If you run a club or are looking at starting one someday, they have given us some good examples and tips on getting started. I'm sure they would answer any questions for ya as well. As we keep hearing from time to time "Lookout them Speedbumps are comin'" See ya on the line at South Texas State.
